GIVEN UP FOR LOST.

Men Who Were on Board Launch of Battleship Minnesota.

Norfolk, Va., June 13.—The eleven men of the navy who left Discovery pier, exposition grounds, in the early morning of Tuesday on the return trip of their steam launch to the battleship Minnesota, have been given up as lost. Until late Wednesday night the search and dredging instituted by the naval authorities for the launch and its occupants progressed, but a piece of canvas, supposed to be part of the canopy of the launch; a fireman's ditty box and a coat and cap, were the only results.

While an investigation has been ordered, no arrangements have been perfected for it, and no statement has been made as to its trend. It is generally believed that any steamer or vessel that fouled the launch is aware of it. The rough night, a drizzling rain and imperfect light on the launch are believed to have been responsible.

While Virginia day was participated in, in order not to break the programme arranged in advance, the navy officers have declined invitations to further festivities.

TO THE ACTUAL CRIME

Defense Carries Cross-Examination of Orchard.

TELLS OF KIDNAPPING PLOT

Witness Admits He Planned to Abduct Children of His Former Partner—Implicates Former State Official of Colorado.

Boise, Ida., June 13.—The defense carried the cross-examination of Harry Orchard down to the actual crime charged against William D. Haywood—the murder of Frank Steunenberg—and assailed the testimony and the theory of the state resting upon it.

The Steunenberg crime was reached at midday and counsel for the defense directed their efforts to an attempt to cloud the earlier purposes and movements of Orchard with uncertainty and indefiniteness.

They emphasized the abandonment of all efforts to kill after Orchard first tracked Steunenberg to a hotel in Boise and with a skeleton key gained entrance to the room in which the governor was living. Here they delayed for a moment to prove that Orchard twice wrote and once telephoned to Bill Easterly at Silver City to urge him to come and join in the crime, the implication was that Orchard was endeavoring to inveigle a federation man into the crime and bring discredit and dishonor upon the organization.

Then the Steunenberg crime was temporarily thrust into the background and the witness was carried over his long journey into North Idaho and his crimes there, including the plot to kidnap and hold for ransom the Paulson children. Orchard swore that David Coates, former lieutenant governor of Colorado and then a publisher in Wallace, Ida., first suggested the kidnapping to Pettibone and himself at Denver. Paulson, once a poor miner, had made a fortune in the Hercules mine, in which Orchard held an interest when the property was thought valueless, and it was believed that if his children were stolen he would "come through" with \$50,000 or \$60,000 in ransom. Orchard said that when he went to North Idaho he persuaded Jack Simpkins to "come in" on the plot, and together they went to Coates to renew the scheme.

Identified by Orchard.

Coates, who was in court, was asked to stand up for identification and facing him Orchard said he was the man.

Orchard was then asked if he had not himself proposed the crime to Coates, who immediately rebuffed him, and if Jack Simpkins had not warned Paulson the minute he heard of the plot. Orchard denied both suggestions, and reiterating his first story insisted that Coates had consented to stay in the plot and handle the money that they hoped to get out of Paulson.

Then the defense showed the witness in the commission of a series of mean crimes and reduced to poverty in which he had to resort to pawnshop borrowing and theft to live for a long period. First he pawned some jewelry and guns. This brought him \$25 or \$30. Then with a man named Cunningham, whom he said Vincent St. John had recommended to him as safe and tried, he discussed a project to give Cunningham the old Peabody bomb, which he still had in his trunk, for use on some nonunion men at Tiger and Poorman mine. Then he accepted the hospitality of Paulson's home, even while he was plotting to steal the Paulson children. Later with Jack Simpkins he broke into the Oregon Railway and Navigation company's station. They were after a

trunk full of jewelry samples, but instead got shoe samples. Next he "tapped" a cash register at Burke for \$30 or \$40.

It was a long period of crime and poverty and hard luck, and, summing it up, the defense wanted to know why, if he were in Idaho on a mission of murder for Haywood, Moyer and Pettibone and with unlimited credit from them, he did not send to them for money instead of borrowing and stealing.

Received Money From Moyer.

Orchard replied that he did send a letter to Moyer at Butte and got \$100 but he did not send for more because he was temporarily off the Steunenberg errand and away from where Steunenberg lived and he did not want to send for more money until he could show that he was back to work.

Lastly there came a showing that Orchard had borrowed \$300 from Paulson, whose children he had gone north to steal, on the strength of a fraudulent story that he was going to Los Angeles to sell mining stock for Coates, and that this was the money that actually paid his expenses when he went back to Caldwell on the final mission of murder. Swiftly reviewing his meetings with his old partners, who had meantime become rich, the defense asked the witness if, disappointed and angered at his own hard luck in selling out the Hercules mine, when Steunenberg sent troops into North Idaho he had not suddenly decided to borrow money from Paulson to take him to Caldwell, where he would murder the man whom he blamed for his misfortune. Orchard strenuously denied that this was his motive.

The earlier part of the day was consumed with a review from the stand

plow against Governor Peabody, Judge Gabbert, Judge Goddard and General Sherman Bell. It developed that during August, 1905, when he was stalking General Bell, Orchard lived with Pettibone and the explanation of this relationship offered by the defense was that Orchard had come there to keep Pettibone company while Mrs. Pettibone was absent in the East. The review of the Steunenberg murder brought from Orchard the additional declaration that when Haywood was proposing the crime he said that Ed Boyce, former president of the Western Federation of Miners and now one of the owners of the Hercules mine, had always desired the removal of Steunenberg for his part in the North Idaho troubles.

KAUFMANN MURDER TRIAL

Further Evidence May Be Offered by the Prosecution.

Flandreau, S. D., June 13.—After only a brief two-hour session, but one full of significance, the Kaufmann murder trial came to an abrupt adjournment Wednesday with two mysteries in the case of the wealthy Sioux Falls woman.

One of the mysteries is the ground on which the defense will make its fight. The other was furnished by the prosecution, counsel having asked that the afternoon session be postponed "because a contingency had arisen which might make it necessary to offer further evidence in behalf of the state."

This request, following the announcement that the prosecution rested its case, has given rise to much speculation, all of which revolves about the presence in Flandreau of Mrs. John A. Ross of Sioux Falls, Mrs. Ross and her husband conduct a newspaper which has waged a persistent fight against Mrs. Kaufmann and has steadily demanded that the case be pushed to the bitter end.

Peter Erickson was again called to the stand and was briefly cross-examined by Judge Aikens, counsel for Mrs. Kaufmann. He denied having made a demand upon Mr. Kaufmann, husband of the defendant, for \$500 to influence his testimony in the case.

Mrs. N. T. Grose of Parkston, by whom the girl was employed prior to going to Sioux Falls and entering the employ of Mrs. Kaufmann, testified that the girl was healthy, plump and strong before going to Sioux Falls and weighed 138 pounds.

Dr. Arthur Sweeney of St. Paul, a specialist in nervous diseases, minutely described the result of a microscopic examination of the brain of the dead girl. He found it healthy.

The witness said he believed the blood clot found on the brain had been caused by blows on the skull with a dull instrument.

Wisconsin Girl Drowned.

Chetek, Wis., June 13.—Word has reached here that Minnie Rends, twenty-three years old, was drowned in the Chippewa river through a companion's rocky the boat in which they were crossing the stream on their way to early mass. A younger sister was saved by a brother of the two girls.

St. Paul Woman Acquitted.

St. Paul, June 13.—Mrs. Minnie Gailles, who was on trial in the district court in this city for more than a week on the charge of killing her baby shortly after its birth, walked out of court a free woman, the jury having returned a verdict of "not guilty" after being out but a few hours.

ANOTHER ENCOUNTER

Invading Army and Forces of Salvador Again Clash.

THE LATTER ARE VICTORIOUS

Defeat the Invaders at Sonsonata and Drive Them Back to the Coast. American Said to Have Promoted the Movement.

Mexico City, June 13.—According to a cablegram received here the Salvadorean army has defeated the invading force which captured Acajutla Tuesday and has driven it back to the coast. One of the leaders of the invading army was John Moissant, a former resident of San Francisco and an American citizen. He is reported to have been captured. The cablegram, which is signed by President Figueroa of Salvador, follows:

"Revolutionary forces under Rivas defeated in an attack on Sonsonata and driven back to Acajutla. Juan Moissant reported among the captured."

It is reported on good authority that troops are ready to invade Salvador from three sides.

According to this information, Generals Toledo and Alfara are on the Honduran border ready to strike and General Serea will enter the country by way of Amapala.

The battle was fought near Sonsonata, which the invaders endeavored to capture. Sonsonata, which is well garrisoned, is about twelve miles from Acajutla on the Salvadorean railroad, which connects the port with the capital. The invading force seized a train and moved on Sonsonata.

Meanwhile, President Figueroa had heard of the capture of Acajutla and ordered immediate mobilization of the army. Troops were rushed from the capital to Sonsonata. During the night the invaders surrounded the town and attacked it unsuccessfully in the morning.

Leader of the Movement.

The American citizen said to have been the promoter and leader of the movement is John Moissant, a wealthy sugar planter who formerly resided in San Francisco. He is now a prisoner in the artillery garrison at San Salvador. It is said he will later be tried by the Salvadorean government. Moissant is one of four brothers who besides owning one of the richest sugar plantations in Central America possesses considerable property in San Francisco. His home is at 2360 Fulton street, now occupied by Burton A. Weyl, a brother-in-law.

Fred Moissant, another brother, is president of the National Bank of Salvador. About a month ago John and George Moissant are said to have entered into a conspiracy with General Escalon, a brother of Former President Jose Escalon, whereby a revolution was to be started with the idea of making General Potroto Escalon president. According to the story, the officers of the garrison at Sonsonata were bribed and on the day set for the capturing of the town the coffee given to the troops was doctored.

The Moissant plantation is but ten miles from Sonsonata and here were secreted 500 stands of arms, a large quantity of ammunition and fifty men, this force being considered sufficient, inasmuch as the troops were to be disabled and the officers bought off. On the appointed day one of the bribed officers notified the president of the plot. George and John Moissant were captured, as were their followers. A search of the plantation disclosed the arms, which were confiscated. Through the efforts of the brother who heads the national bank and who threatened to appeal to the United States, the men were later released.

Later the Salvadorean government claims to have learned of a junta which, they declare, was composed of a United States consul, the Moissant brothers, Colonel Felipe Fernandez, a Nicaraguan spy, an agent of President Zelaya, and numerous exiles from the various Central American republics.

Union Bands Withdraw.

Canton, O., June 13.—Because a non-union band had been engaged, all union bands engaged at the state Grand Army encampment withdrew just as the parade started in review before Governor Harris and Commander Harman. The parade was continued, headed by one band.

The Magic No. 3

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by H. P. Dunn & Co., druggist. 50c.

RICHARDSON'S EMBROIDERY SILKS

The embroidery contest closes this week. The last meeting will be held tomorrow Friday morning at 9 o'clock.

Several months ago we offered cash prizes to the members of our embroidery classes for the best work done and the contest will close Saturday night. We should like to have every member present tomorrow morning as a new proposition will be made to the class and summer classes organized.

We will continue to accept the work to be entered in the contest for our cash prizes until Monday morning.

RUEF ON THE STAND.

Deposed Boss Practically Calls Mayor Schmitz a Perjurer.

San Francisco, June 13.—Wednesday was an ear-burning day for Mayor Schmitz. Seated at the counsel table before the altar in the Jewish synagogue on Rush street, he heard Ruef, his former political friend, philosopher and guide, practically call him a perjurer to the jury, and with the same jury he listened to a scathing denunciation of himself at the hands of Prosecutor Hiram Johnson. And if there was pain for scoured feelings in the speech that closed the day, the speech of his own attorney, Barrett, he took no open head. Indeed, during most of the two hours and twenty-five minutes Mr. Barrett was speaking the mayor was either glancing over newspapers or buried deep in type-written pages of testimony. But no word of the prosecuting attorney escaped his sensitive ears.

Ruef was of course the sensation of the day. His appearance on the stand as a witness in rebuttal for the prosecution is now accredited to the tactical error of the defense in letting the mayor testify, for it was to refute the mayor's denials under oath that he had participated in Ruef's "fee" that the prisoner ex-boss was called. Ruef told the jury that he went to

Schmitz' former residence and handed to the mayor at stated intervals one-half of the "fees" of \$5,000 and \$3,000 paid him by the proprietors of the five foremost of the French restaurants of San Francisco before the fire.

Remarkable Rescue

That truth is stranger than fiction has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds. 50c and \$1.00, at H. P. Dunn & Co., drug store. Trial bottle free.

Minnesota Veterans Meet.

St. Paul, June 13.—Memories of the Civil and Indian wars and the dark days of '62 were revived by hundreds of old soldiers who are in this city attending the forty-first annual encampment of the Minnesota department, Grand Army of the Republic. While the veterans were in session at the Auditorium the Ladies of the G. A. R. and the Women's Relief corps, auxiliary branches, were also in session. The three conventions are attended by about 2,000 people.

Reduce Your Fat

Costs Nothing to Try

Rengo, one of the most famous products of the land, is now declared by scientists to be Nature's own marvelous cure for obesity or excess fat.

This illustration plainly shows what Rengo has done.

Rengo does more than reduce the weight and get rid of the fat. It does all this without weakening the patient, or otherwise working him up the health, giving increased strength and vitality. It brings almost immediate relief from the dangers of fatty degeneration of the heart and other fatal conditions which nearly always accompany excess fat. There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid by The Rengo Co., 3073 Rengo Bldg., Detroit, Mich. If you prefer, they will gladly send you a trial package free by mail. FRIDAY June 14th is Flag Day. On this day every citizen should show his patriotism by displaying the flag at his residence or place of business.

On the occasion of the birth of his son recently, King Alfonso of Spain granted a pardon to 1,000 criminals, and an exchange now suggests that Spanish criminals are hoping that the next time the queen may give birth to twins.

The railroads are planning to fight the two-cent fare law in Nebraska. They hold the law is repugnant to the constitution, which leads the St. Louis Globe Democrat to remark that according to corporation lawyers the old document never did contain anything favorable to the common people.

The Duluth News-Tribune administers a severe rebuke to the county attorney of that county because he said that it "was nobody's business but his" why he dismissed a criminal case. As the News-Tribune remarks, public officials are too apt to think that their office is personal property, instead of the public's.

COMMERCIAL CLUB HELD MEETING

Much Interest Manifested by
Gentlemen Present in Work
of the Club

REPORT ON GOOD ROADS

Report of the Visit of Geo. W. Cooley, State Engineer to
the Black Grade

The Commercial Club met last night in regular session. The first part of the meeting was devoted to the internal affairs of the club, the outcome being the appointment of B. W. Talcott to call on the members and collect the dues now due the club.

The question of the increase of the assessment of the Pickands-Mather shaft was brought up by Mayor R. R. Wise, who reported that the assessment of \$10,200 made by the assessor had been raised at the court house to \$25,000 and asked that the Commercial Club take action to have it reduced if possible, believing that over taxation at the present stage of the game would result in killing the goose that would lay the golden egg. Attorney Ryan thought otherwise. When railroad lands were not taxed they were permitted to lay dormant and when they were assessed they let loose of at reasonable prices. He believed the same rule would work as to the iron properties. After some discussion the county committee was instructed to ascertain the course taken in St. Louis county as to non-producing mineral lands.

The gentlemen who accompanied State Engineer Cooley to the black grade on his recent visit to this city, reported that he advised the widening of the banks of the grade and the macadamizing about 100 rods of road. He would recommend the expenditure of \$400 of the state appropriation there if the county commissioners would appropriate \$1,200. It was also reported that C. E. Peabody had offered to solicit rock of the farmers for use in the work.

The committee recently appointed to consider the matter of a Fourth of July celebration, reported that they found it impractical to raise the amount of money necessary to successfully celebrate and had dropped the matter.

DIVISION POINT AT ONAMIA

Soo Line Positively Announces That Division Point will be at that Town

ANOTHER BRANCH RUMORED

Report Current that There will be a Line North from Onamia to Cuyuna Range

The Soo Line has announced that its division point on the Brooton Duluth line will be Onamia, a new town to be established in Mille Lacs county southwest of Cove. The town site company is professing great things for the new town and there will be a bank started there and one at Lawrence in the near future. There is a well defined rumor also that there will be another line northwest from the division town to tap the Cuyuna range and continue north to the crossing of the Mississippi by the north Soo survey near Mission. The party who gave the information stated that a spur to Brainerd was also in the plans of the Soos as shown by blue prints. The crossing of the Northern Pacific near Royalton will, it is said, be made an overhead one and to this end work on the construction has been suspended in order to make the necessary changes in grades, etc. No work has yet been done on the bridge over the Mississippi near Royalton, but it is reported that work will commence about June 15th. Inability to get steel for the bridge is said to be the cause that is delaying the work on the bridge.

To the party who draws the Gold Watch, Friday, June 21:

If you cannot use the watch, we will give you

W. C. T. U. CONVENES IN BRAINERD

Fifteenth District Convention in Session Wednesday and Today

WELCOMED LAST EVENING

Interesting Sessions Held in Afternoon and Evening Wednesday

The Fifteenth District W. C. T. U. convention convened at the First Baptist church in this city yesterday afternoon. The afternoon session was taken up largely with routine business, papers being read by Miss Hendrix, state secretary, and by Miss C. Smith. In the evening the delegates were welcomed by Mayor Wise, in behalf of the city, by Rev. E. A. Allin in behalf of the churches and by Mrs. M. N. Rhodes in behalf of the local union. All of the addresses were very enjoyable and well received. The welcomes were responded to by Mrs. L. Deffenbaugh, vice president of the district organization. The principal address of the evening was given by Miss Rosette Hendrix, state secretary. It was a strong presentation of the work of the organization and elicited hearty applause.

The forenoon session today was also largely routine there being a talk on "Hints and Helps to Unions," by Miss Hendrix and one on "Work Among the Indians," by Mrs. T. F. McClure.

The program for this afternoon's session included a memorial service led by Mrs. J. D. Farrell, a recitation by Miss Dorothy Lyddon, ten minute speeches by the pastors, a solo by Mrs. McLeod and a paper by Mrs. G. W. Knox, and the election of officers.

This evening there will be a gold medal contest participated in by the Misses Mada Devereaux and Clara Maas, Park Rapids, Misses Nettie Angel and Nellie Lyddon, Brainerd, Miss Julia Cluff, Aitkin, and perhaps others. A very pleasant time is expected and all are invited. An admission of 10 and 15 cents will be charged.

No Stage Murders in Turkey.

On one point the Turkish censor of the drama is inflexible—there shall be no murder committed on the stage. This is in order to prevent corruption by evil example. Consequently the dramatic effect of many plays is somewhat marred by the manner in which principals destined to be murdered are rushed off the stage and, after receiving the fatal thrust out of sight of the audience, stagger back from the wings to sing their death songs.

WORK IS PROGRESSING

International Falls Press Reports Work on M. & I. Extension Getting Along Well

According to the International Falls Press, Engineer Huss, of the M. & I. extension says the rails will reach the border in July. The press says:

Chief Engineer Huss and Contractor Dougherty of the M. & I. are in town today and report rapid progress in the construction work along the line. Mr. Huss says the track will be laid to Littlefork some time this week and the bridge across the Little Fork river will detain them two weeks but expects to begin laying rails on or before July 1st. By that time Contractor Dougherty will have the first seven miles of grade completed and his entire force at work on this end. About 450 men are employed on the grade and laying track and by putting the full force of men on this end after July 1st they expect to be able to proceed with the track laying at the rate of three-quarters of a mile per day.

"Under ordinary circumstances we will reach International Falls some time in July," says Mr. Huss. "The frost is not all out of the ground and we have had to contend with many unforeseen difficulties in laying track since leaving Big Falls. However all those difficulties will be overcome when we cross the Little Fork river and we hope to be able to proceed with the work without any difficulties whatever."

A Fortunate Texan Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." BASE BALL LEAGUE IS ORGANIZED

At Least Five Teams Assured in the Brainerd Church Base Ball League

"GYM." SCHEDULE ARRANGED

Large Number of Athletic Classes Will be Arranged for to Accomodate All

The prospects for a church base ball league in Brainerd are very bright. J. C. Manville, the general secretary of the Y. M. C. A., states that the Presbyterian church has already organized a team, and will meet this week to elect a captain and manager. The Y. M. C. A. team has been selected and will meet Friday night to elect its captain and manager. The First Congregational, Peoples, First M. E. and Catholic churches have teams assured and the prospects are good for a strong league and lots of fun. If the teams will all organize this week and elect captains and managers and report to Secretary Manville at the Y. M. C. A. there will be a meeting of these officers of the several teams early the coming week and a schedule arranged and a constitution adopted. Games will be played after 6 or 6:30 in the evening and five or six innings will constitute a game. For the present they expect to use the McKay grounds.

Arrangements are being made for an opening game, as a "courtain raiser" to the new league schedule for a game between a team composed of the pastors of the various churches and one composed of business men.

The following gymnasium schedule has been arranged subject to possible changes:

Young men—8 to 9:30 p. m. Mondays, Wednesdays and Fridays. Business men—5:15 p. m. Mondays, Wednesdays and Fridays; 7 to 8 p. m. Fridays.

Juniors 12 to 15 years—4:15 to 5:45 Tuesdays, 9 to 10:30 a. m. Saturdays. Intermediates, 15 to 18 years—4:15 to 5:45 p. m. Tuesdays, 10:30 a. m. to 12 m. Saturdays.

Games and contests 8 to 10 p. m. Tuesdays and Saturdays.

Fencing 7 to 8 p. m. Thursday.—A charge of \$1.50 in addition to the outfit will be made.

Leaders, Seniors—7 to 8 p. m. Thursdays. Leaders, Juniors—8 to 9:30 p. m. Thursdays.

Saturday specials—3 to 6 p. m.

Arrangements are being made for out door work for the summer months for the association members. Possibly track athletics, base ball and swimming, with coaching and instructions in the same, depending somewhat on the interest manifested on the part of those desiring it.

There was a meeting of a committee of young people last night to make arrangements for decorating the building and preparing refreshments for the reception to be given to Secretary Manville on Wednesday evening, June 19th.

MARRIED AT ST. CLOUD

Popular Brainerd Young Lady Steals March on Her Friends and Weds

BANS WERE PUBLISHED HERE

Two Wedding Celebrated in Brainerd Last Evening as Predicted

Miss May Murphy, a daughter of Mr. and Mrs. John Murphy, stole a march on her many friends in this city. The bans of her coming marriage with James O'Keefe, formerly of this city, now of Montevideo, Minn., were published in St. Francis church a couple of Sundays ago, and while her friends were awaiting the coming event with pleasant anticipation, she, accompanied by her relatives went to St. Cloud, ostensibly to attend the graduating exercises of the State Normal school, of which her sister, Miss Bessie Murphy, was a graduate, and the ceremony was performed at the cathedral in that city Wednesday morning. The St. Cloud Times has the following account of the wedding:

"This morning at 7 o'clock Miss May Murphy, of Brainerd, and Mr. James O'Keefe, of Montevideo, were married at the cathedral. The bride is a sister of Miss Bessie Murphy, one of the graduates of the Normal class and it was decided to make the event of graduation and the wedding day so that both young ladies are celebrating the occasion with a few of their relatives and friends. Miss Murphy, the bride, is a daughter of Mr. and Mrs. John Murphy, of Brainerd, and a sister of J. F. Murphy, the leading clothier of that city. Mr. Edward Murphy was best man at the wedding and Miss Bessie Murphy was maid of honor. Others who were here to attend the wedding and graduation exercises were: Mrs. John Murphy and Mr. and Mrs. John Murphy, of Brainerd and Mrs. E. L. Steigert."

ERICKSON SCHELBERG Miss Anna Schelberg and Oscar F. Erickson were united in marriage at the home of the groom's parents, Mr. and Mrs. N. E. Erickson, 923 13th street Southeast, Wednesday evening at 8 o'clock, Rev. J. F. McLeod, officiating. The house was beautifully decorated with white roses and carnations being used in profusion.

Miss Alma Schelberg, a sister of the bride, was maid of honor and Nels Johnson was best man. The bride was gowned in cream colored silk mull with a long white veil, the bridesmaid was attired in pale blue silk mull with lace trimmings. The groom and his attendant were in conventional black.

Immediately following the ceremony the large number of assembled guests sat down to a bounteous wedding supper. The happy couple left this afternoon for the twin cities and Rushmore, Minn., and will return to Brainerd about July 2. The bride has many friends in Brainerd having lived here for some time. The groom is a popular clerk in the store of K. W. Lagerquist and also has a large number of friends in this city. The high esteem in which they are held is shown by the large number of beautiful presents showered upon them by admiring friends.

FOX CAIN

The wedding of Mr. Oscar Fox and Miss Edith Cain, of this city, took place at the home of the bride's parents, Mr. and Mrs. Geo. R. Cain, 1004 Fir street, Wednesday evening. The ceremony took place at 8 o'clock, Rev. A. P. Garrett officiating. The bride is well known to many DISPATCH readers, having been an employe of Johnson Bros. in their bakery and store and having been with their predecessor. Mr. Fox is also well known here, being a son of Albert Fox an old resident of Brainerd. Many friends extend hearty congratulations.

DEFEAT THE INVADERS.

Salvadoran Troops Put Filibusters to Flight.

San Salvador, June 13.—Nicaraguan filibusters landed at Acajutla and made their way to Sonsonata, where they plundered the custom house and stole \$20,000 from the local agency of the Bank of Salvador. Salvadoran troops then defeated the invaders, who fled back to Acajutla, where they re-embarked upon vessels flying the Nicaraguan flag and sailed away.

The entire country is in favor of the government. Thousands of volunteers have offered to fight for Salvador and President Figueroa is being generally acclaimed.

LITTLE POCKET PHYSICIAN

Hyomei is Guaranteed by H. P. Dunn & Co. to Cure Catarrh.

Thousands who have been cured by Hy-o-mei call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse.

There is really no excuse whatever for anyone having catarrh now that Hy-o-mei is so readily obtainable. If you have any doubt about its value, H. P. Dunn & Co. will let you have a complete outfit, with the understanding that unless it cures catarrh, it will not cost you a cent.

Do not delay longer the use of Hy-o-mei if you suffer with catarrh. This is a purely local disease, and Hy-o-mei goes right to the spot where the catarrh germs are present, destroys them, soothes and heals all inflammation and makes a permanent and lasting cure.

The complete Hy-o-mei outfit consists of the "Little Pocket Physician" and a bottle of Hy-o-mei and costs only \$1.00, making it the most economical as well as the only guaranteed treatment for the cure of catarrh. Remember that Hy-o-mei cures catarrh without stomach dosing, applying the medication and healing where the disease germs are present.

BECOMING MORE MENACING

Comment in the Japanese Newspapers
Grows More Threatening—One Pe-
riodical Declares That the Time for
Action Has Been Reached.

Tokio, June 13.—Several papers
print photographs of the wreckage of
Japanese restaurants in San Francis-
co. This appeal to the eye, coupled
with strong words describing the suf-
ferings of compatriots, has further in-
flamed popular indignation.

The Nichi Nichi, commenting on the
photographs, says:

"The situation is grave and calls
for prompt action by both govern-
ments."

The Hochi says:

"The stage for negotiation has
passed and the time for action has
been reached."

The paper says further that it does
not mean to advocate war, but merely
commercial retaliation.

The Mainichi, published at Osaka
and claiming to have a circulation of
250,000, expresses anger at the report-
ed recent attack on a Japanese horti-
culturist at Berkeley, Cal. It says:

"The outrage demonstrates the im-
potency of the California authorities
to protect our compatriots. Now is
no time to rest assured on the stereo-
typed diplomatic assurance from the
Washington government. Only two
weeks after a positive declaration to
take preventive measures to safe-
guard Japanese rights comes the
Berkeley outrage."

"The powerlessness of the Califor-
nia and federal governments are thus
demonstrated and it only remains to
take up the work of protection in our
own hands."

"That the outrages are of limited
local occurrence is not a sufficient
explanation."

DELEGATES ARE ARRIVING

Animation at The Hague on Eve of
Peace Conference.

The Hague, June 13.—Delegates to
the second Hague peace conference,
which will be formally opened June
15, accompanied by a host of secreta-
ries, technical experts and attaches
and a small army of newspaper cor-
respondents are arriving here by every
train. The busy old Dutch capital is
beginning to buzz with an animation
such as has not been witnessed since
the conference of 1889.

The Austrian delegates arrived
Tuesday and were first on the ground.
General Horace Porter, former am-
bassador to France, and one of the
American plenipotentiaries, arrived
Wednesday, as did the French dele-
gates, Keiroku Tsusuki and a section
of the Japanese delegates, Dr. Ruy
Barboza and his fellow Brazilians,
General Gonzales de Quesada, Senator
Sanguily and Dr. Bustamante, rep-
resenting Cuba, and John W. Foster,
former secretary of state of the United
States, who represents China.

The delegates from Central Amer-
ica must make adhesion on behalf
of their respective countries to the con-
vention of 1899 and this formality will
be carried out Friday.

Already a feeling is prevalent that
the United States is destined to play
a great role in the coming conference.
Under her auspices the countries of
South and Central America will be in-
troduced to Europe on a footing of
equality. The European delegates en-
tertain no doubt that all the repre-
sentatives of America will present a
practically united front and that
henceforth they will be an immense
factor in such world conventions.

He Fired the Stick

"I have fired the walking-stick I've
carried over 40 years, on account of a
sore that resisted every kind of treat-
ment, until I tried Bucklen's Arnica

Garrett, of North Mills, N. C. Guar-
anteed for piles, burns, etc., by H. P. Dunn

injuries.

Feared All Are Lost

Brest, June 12.—A steamer whose
identity has not been conclusively es-
tablished went ashore in the Strait of
Bertheaume. The boiler blew up and
it is feared that all hands were lost.
The steamer is believed to be the
Yews a fruit boat from Plymouth for

DEADLOCK IS CREATED.

Unusual Condition of Affairs in French
Municipalities.

Paris, June 13.—The government ap-
pears determined to refuse the resig-
nations of the municipal officers so
long as their resignations are not ac-
cepted by the prefects. As no repre-
sentatives of the central government
are appointed to carry on the duties
of the officials who have resigned a
deadlock has been created. So long
as it continues all municipal acts and
works are suspended.

In a letter to the mayors, Premier
Clemenceau warns them of the serious
results to the people they represent if
they persist in their determination not
to perform their function. He points
out that the law of 1884 gives him a
month in which to decide whether he
will accept their resignations and that
meanwhile the resignations would not
become definitive. The premier there-
fore is not called upon to appoint ad-
ministrative commissions until in
July and the municipalities are re-
sponsible for the proper carrying on of
the duties of their officers. Should
the municipalities continue to neglect
their duties marriages cannot be
celebrated, nor can permits for burial
be issued, as only the municipal au-
thorities have power to grant them.

M. Clemenceau further reminds the
mayors that the local treasuries will
be bankrupted by their refusal to pay
taxes, the communes will lose their
share of the taxes and in the event of
the taxes not being collected the gov-
ernment will refuse to make the ad-
vances necessary to meet local ex-
penses.

In the meantime the municipalities
continue to lead the anti-law strike and
altogether some fifty local bodies in
the four departments have branded in
their resignations.

Even in isolated regions the strike
is merely a form of passive resistance.
No disturbances of any moment have
been reported, though the attitude of
some of the regiments recruited in
the south occasions anxiety.

HELD IN MINNEAPOLIS.

National Conference of Charities and
Corrections.

Minneapolis, June 12.—The national
conference of charities and corrections
opened its session here at the Min-
neapolis Auditorium. Senator Albert
J. Beveridge was the principal speak-
er. The conference is one of the
largest in the history of the organiza-
tion.

There are about 1,200 delegates in
the city and these with residents,
filled the big auditorium.

Wallace G. Nye, chairman of the
Minneapolis Commercial club, presided
and introduced Mayor J. C. Haynes,
who welcomed the delegates in the
name of the city.

Amos J. Butler of Indianapolis,
president of the conference, was in-
troduced and in turn introduced Jef-
frey R. Brackett of the Massachu-
setts state board of correction and
charities, who replied to the address
of welcome, saying the "present cen-
tury should mean more to the sons of
men than any preceding century."

President Butler then introduced
Senator Beveridge, who launched at
once into his favorite subject of
"Child Labor." He was greeted with
vigorous applause. Senator Beve-
ridge delivered a stinging arraignment
of the system which allows the "evil
of child labor to persist."

President Butler's annual address
followed the speech of Senator Beve-
ridge. He spoke on "feeble-minded-
ness" and characterized this condition
as a prolific cause of crime and pau-
perism.

Wanted Red Hat for Ireland.

Paris, June 12.—The Matin pub-
lishes a dispatch from Rome saying
that two wealthy American Catholics
recently informed the pope that Cat-
holicism would make great strides in
America if Archbishop Ireland were
made a cardinal and that they would
at once donate \$1,000,000 to the
church. The pope was most indignant
at the suggestion of such a bargain.
